

LAPORAN HASIL PENELITIAN

**PENYUSUNAN ALAT EVALUASI KETERAMPILAN BERMAIN SOFTBALL
BERBASIS AUTHENTIC ASSESSMENT**

Oleh:

Dr. HARI AMIRULLAH RACHMAN, M. Pd

Abstrak

Penelitian ini bertujuan untuk menyusun alat evaluasi keterampilan bermain softball berbasis authentic assessment. Penelitian pengembangan ini dilakukan di Fakultas Ilmu Keolahragaan, Universitas Negeri Yogyakarta.

Penelitian menggunakan desain penelitian pengembangan (Research and Development) yang dilakukan untuk mengembangkan suatu alat evaluasi keterampilan bermain softball dengan berbasis authentic assessment.

Penelitian ini menghasilkan suatu alat evaluasi keterampilan softball bagi mahasiswa pada program studi PJKR. Alat evaluasi tersebut dikembangkan berdasarkan penilaian otentik yang dilakukan dengan cara observasi.

A RESEARCH REPORT

DEVELOPING EVALUATION INSTRUMENTS OF THE SOFTBALL SKILLS ON THE BASIS OF AUTHENTIC ASSESSMENTS

Abstract

The present study aims at developing evaluation instruments on softball skills on the basis of authentic assessments. This research and development were conducted in Yogyakarta State University.

This study used the research and development design which was conducted to develop evaluation instruments on softball skills on the basis of authentic assessments.

The results were evaluation instruments on softball skills on the basis of authentic assessments for the students of physical, health, and recreation education. The instruments were developed based on the authentic assessments which were conducted through observation.
